This leaflet provides information about our services. It explains what we do, how and when. This is one of a number of leaflets we produce for our customers. You can find them all on our website or in our offices.

At Riverside, we are committed to providing excellent service to all our customers. We value diversity and do everything we can to make our services available to as many people as possible. This commitment to equality is at the heart of everything we do.

Contacting us

You can contact us however it suits you, all our details are on the back page.

However you choose to contact us, by telephone (24 hours a day, 365 days a year) email, in writing or by visiting your local office, our staff will always:

- be polite and courteous
- give you their name
- explain things clearly and avoid jargon
- respect your privacy and handle all data in accordance with the Data Protection Act
- make additional services available if required, such as hearing enhancements and translation services.

Help us improve!

We measure our performance on the above through telephone surveys, reception monitoring and compliance testing. The results are reported to our Quality and Customer Service Groups. If we don't deliver to these standards, please let us know!

If you call us

Our Customer Service Centre never closes, so you can contact us at the time that suits you best. You can call us about anything related to your tenancy, for example reporting repairs or any problems in your neighbourhood such as anti-social behaviour.

We will answer your call as quickly as possible – our target is 45 seconds. At really busy times it may take a little longer, but we will get to you as soon as we can.

If your enquiry cannot be resolved straight away we will ask someone to call you as soon as they can. We aim to return calls within 24 hours.

If you visit us

Whenever you visit your local office we will:

- see you as quickly as we can
- provide a private interview room, if required, within ten minutes of your arrival
- make sure all our offices are clean and tidy with disabled access
- help you fill in any of our forms, if you'd like us to.

If you write to us

We will reply to your letter within ten working days. If we cannot provide a full answer to your query we will tell you why and let you know when you can expect a final reply.

If you prefer to email us, we will reply within 24 hours, but again if we can't provide a full answer, we will tell you why and let you know when you can expect a full response.

If you want us to visit you

We can arrange home visits by appointment. You can arrange an appointment by any of the ways mentioned in this section.

We will make an appointment to visit you within five working days. In an emergency we will aim to visit you on the same day.

If you have any specific requirements, for example you need an interpreter or only want someone of the same sex to visit you, we will arrange this as soon as possible. We will also record these requirements (with your permission) so we know for future visits.

All our staff carry, and will show you, a photo-identity card and they will always respect you and your home.

If we have to cancel the appointment we will contact you in advance and try to make another one.

If you are not at home, we will leave a calling card asking you to contact us so we can arrange another time.

Gas servicing

We service gas appliances and central heating systems every 12 months. This is essential for your safety and is a legal requirement.

When we make the appointment we write to you to say when the contractor will arrive and make every effort to make sure it's convenient for you. If you need to change the appointment, please let us know as soon as possible.

When the contractor visits they will:

- inspect your gas supply to make sure it is in working order
- service appliances that belong to us
- carry out a visual inspection on your own appliances
- issue a safety check record which you should keep in a safe place.

Help us improve!

We measure our performance on gas servicing and repairs through analysis of our management performance data.

The results are reported to our Gas Servicing and Repairs Continuous Improvement Groups. If we don't deliver to these standards – please let us know!

Repairs

You can report a repair at any time. Our repairs reporting service is open 24 hours a day, 365 days a year.

To report a repair you can call our Customer Service Centre, go along to your local office, or visit our website at www.riverside.org.uk and follow the link to 'reporting a repair'. Please don't use the website if you have a health and safety or urgent repair, call us or go to your local office instead.

We will tell you when you can expect our contractor to call. Sometimes we need to send someone to your home to see what needs to be done. In these cases, we aim to offer an appointment within five working days.

We offer appointments for a morning or afternoon visit. We will always try to make the appointment at a time that's convenient for you.

If we are unable to offer you an appointment when you first report the repair, our contractor will phone or leave a card at your home to arrange a more convenient time. If they do leave a card, please contact them as soon as you can.

Our contractors will arrive when we say, respect your home, minimise any inconvenience and clean up when the work is finished.

We will put your repair requests into one of five categories and tell you how quickly you should expect it to be done.

The categories are:

Category	Response time	Details	Examples
Health and Safety	Same day	Where there is a serious risk to tenant or property	Serious electrical faults
Priority	Next day	Where a 3–5 day wait is too long	Heating breakdowns in winter where no other source of heat is available
Urgent	Within 5 working days	We will give you a definite appointment for the repair to be completed	Plumbing or roof leaks, a broken gas fire (if central heating is working)
Routine	Within 15 working days	If required, a pre-inspection will be completed within 5 working days. We will give you a repair receipt to confirm the job and an appointment for the repair to be completed	Minor gutter leaks, adjustments to kitchen doors
Programmed		We will group together certain types of non-urgent jobs and tackle them as part of a programme	Replacement kitchens

Keeping in touch

Throughout your tenancy we will keep in touch and make sure you are up-to-date with a range of information, help and advice. You will receive a regular local newsletter with stories from around your neighbourhood, information on community events and handy tips for around the home.

Rent and service charges

We will provide you with a rent account statement every three months. If you need one at any other time, contact us and we will send it out within 24 hours of your request.

If we need to make any changes to your rent charge, we will always tell you at least 28 days in advance.

We will provide you with details and an annual statement of any other charges you need to pay such as service charges or charges for communal areas, and discuss any proposed changes to these.

Help and advice

Our staff are here to offer help and advice on a wide range of issues relating to your home, tenancy and local area.

We can provide benefits advice or if necessary put you in touch with other agencies that may be able to help you further. If you fall behind with your rent we will work with you to help you pay off your arrears in line with our arrears policy.

For more information please see our 'Paying your rent' leaflet.

Working together

We believe that neighbourhoods are all about the people who live in them. As part of our commitment to improving your homes and neighbourhoods, we will work in partnership with you and involve you in decision-making, so that your views really do influence the way we manage and maintain your home.

There are lots of ways for you to get involved and we are constantly developing and promoting our resident involvement structure. It's important that you are able to get involved in a way that suits you.

To enable this we offer advice and support to tenant, resident and community groups and provide training to help you get involved.

For more information on resident involvement please refer to our 'Get involved' leaflet.

Managing your neighbourhood

We will appoint a member of our team for each local area who will offer help and advice on a range of issues around your tenancy and local area.

They will:

- carry out regular estate inspections
- meet regularly with tenant groups to discuss any issues important to them
- consult, inform and update tenants about any major works programmes
- respond quickly to all reports of anti-social behaviour and harassment within two days or 24 hours if there is violence or the threat of violence
- ensure services are delivered to a good standard and offer value for money
- encourage tenants to become actively involved in managing their neighbourhoods.

For more information on anti-social behaviour, hate crime or harassment, please see our leaflet ‘Dealing with crime and nuisance’.

Help us improve!

We measure our performance on anti-social behaviour, harassment and hate crime through our reporting database. The results are reported to our hate crime and ASB Groups. If we don't deliver to these standards, please let us know!

Help us to help you

We are committed to working with you to continuously improve our services.

We have a complaints procedure and we would actively encourage you to use it if any of the standards in this booklet have not been met. Any complaints we receive are looked into. That way, we can see if there's a particular area of our service that needs to be improved.

Without your feedback it's more difficult for us to put our finger on what is going wrong, so please let us know if we have not met your expectations.

We aim to respond to all your complaints within 10 working days, and provide a full response within 20 working days.

Of course, it's nice to know when things have gone really well too! Let us know and we will make sure your comments are passed on to the individual concerned.

For more information on our complaints process, please see the leaflet, ‘Making a comment or complaint’.

If you need this information in another format (such as large print, audio or another language) please contact us.
