

Our latest CSR figures

Here is a selection of our CSR measures and recent results

As set out in our One Riverside Corporate Plan, by March 2017:

We aim to assist 640 customers into paid employment.

We would like no more than 11% of our homes to have a SAP* rating of less than 60 (down from 14% in March 2015).

We want our customers' total cashable gain (increased income/reduced costs) from money advice or affordable warmth advice to customers to be £4,000,000.

In 2015/16 the Riverside Foundation:

Provided 361 people with items such as white goods and fuel vouchers through our Helping Hands emergency support fund

Spent £304 per individual or household supported

Invested £858,000 in eight different projects

Riverside staff have surpassed the last three corporate charity fundraising targets, raising more than £76,000 in total for WaterAid and Alzheimer's Society.

We achieved our £60k fundraising target for Cancer Research UK by February 2016, seven months ahead of schedule.
