GENERAL - EXTERNAL

1. Purpose

- 1.1. Riverside aims to deliver high quality customer service across all business streams, operating areas and subsidiaries, and within all activities whilst meeting all legal and regulatory requirements. This involves putting the customer first, respecting their rights, needs and views.
- 1.2. Our customers are all different, with different circumstances and needs, but our aim is the same: to deliver consistently good services to everyone.
- 1.3. This policy applies to all services and subsidiaries in delivering all elements of the corporate plan and business plan needs.

2. Scope

- 2.1. This policy is owned by the Chief Executive Officer and Chief Customer Officer. It is subject to approval via the Customer Influence Assurance Committee and Customer Experience Committee.
- 2.2. The Customer Care Policy will be utilised by all employees who have contact responsibilities to ensure we are delivering the right level of service for our customers. This includes all Directorates, and all forms of contact including face to face, telephone, written or internet based.

3. Principles

- 3.1. This Policy aims to ensure compliance with the Regulator of Social Housing (RSH) Transparency, Influence & Accountability [Consumer] Standard in respect of Fairness & Respect and Diverse Needs, and equivalent regulatory requirements as set out by the Scottish Housing Regulator. We will:
 - Treat all customers with fairness and respect.
 - Assess our service to deliver fair and equitable outcomes, using data to understand the diverse needs of our customers.
 - Communicate and provide information clearly, in accessible formats, ensuring all communications are relevant and appropriate to the needs of our customers.
 - Support customers to use our service, ensuring that our services are accessible to all, including enabling our customers to be supported by an advocate or representative.
 - Engage with customers when reviewing and updating this Policy, creating meaningful opportunities to influence our service. We will tailor these opportunities to meet the needs of customers wishing to participate.
 - Keep customers up to date on progress, next steps and outcomes on services that affect them.
 - Clearly set out our decision-making criteria, setting these out in the Roles and Responsibilities section below and in any associated procedures.
 - Provide customers with information about how we are performing against this Policy and the actions we are taking to improve performance if required. Performance measures will be set out in any associated Procedure(s).
 - Self-refer to the RSH if we fail to meet any of these principles in a material way and put improvement actions in place to minimise recurrence.
- 3.2. Working with customers, we have established a set of key principles which have been adopted across our business:

4. Further Information & Support

- 4.1. Customers and other stakeholders can access our Policies through the Riverside website at [Our policies - Riverside](#) and [Our policies - Riverside Scotland](#). Internally, Policies are available on the Policy Management System at [Riverside Policies](#).
- 4.2. This Policy conforms to our Tailored Services & Reasonable Adjustment Policy. We aim to identify and support customers who, because of a protected characteristic, vulnerability or diverse need require extra support or an adjustment to access our services, in line with our organisational values of 'We Care', 'We are Inclusive' and 'We are Trusted'.
- 4.3. This Policy has been written in collaboration with our customers through our approved customer panels. Reviews will be undertaken every three years, or as required when new legislation or regulatory requirements are published, and customers will be given the opportunity to influence the way we work within the requirements set out in the relevant housing law and regulations described above, and in conjunction with our Customer Involvement and Engagement Strategy and Policy.
- 4.4. This Policy supports the '[Trusted Customer Services](#)' theme of our Corporate Plan ([Forward Together 23-26](#)) in which we aim to strengthen trust in us as a landlord by improving our customers' experiences, making it quick and easy to have queries resolved and repairs completed. We'll listen to the views of our diverse customers and shape our services to reflect their needs and aspirations, keeping our promises and being transparent when our service falls short. We are dedicated to safeguarding the personal data under our care and to the continual development of a Privacy and Data Protection framework that is effective, fit for purpose and demonstrates an understanding of, and appreciation for Data Protection and the opportunities it brings. 6. Risks

Customer Experience

- 6.1. We acknowledge that there are some gaps in our delivery of consistent high-quality service that customers trust. However, our risk appetite for adverse experience is reducing and therefore our focus on closing those gaps is increasing. We will be less tolerant of service failure and/or any actions that negatively impact customer satisfaction and trust. We will only accept changes that have a temporary adverse service impact where there is a clear articulation of the potential impact and an agreed action plan to return to acceptable levels.
- 6.2. We are aware of increasing customer expectations regarding service levels, which are further encouraged and strengthened by the Social Housing Regulation Act 2024, and we want to respond positively to those higher expectations. We are also mindful of the potential for greater visibility of any service failure and the associated reputational risks, partly because of greater use of social media (which we are actively promoting both as a service channel and a route to improved engagement) and also due to the imminent industry wide publication of service performance results.
- 6.3. We acknowledge that we don't always get things right first time for customers; whilst doing so will always remain our aim, we will also seek to put things right at the earliest opportunity through our complaints handling process and have a zero tolerance of adverse finding by the Housing Ombudsman Service.
- 6.4. We have a full suite of Customer Experience Key Performance Indicators which are scrutinised by Executive Directors, Boards and both our Care & Support and Customer Experience Committees.

7. Appeal & Complaints

- 7.1. As detailed in the Regulator of Social Housing's Transparency, Influence and Accountability Standard and by the Scottish Housing Regulator, customers are invited to hold us to account for the decisions we make, that impact upon them, under this Policy.
- 7.2. If a customer wishes to complain about the service they have received under this Policy, this should be handled through our Complaints Policy and Complaint Handling Procedure, which is governed by the Housing Ombudsman's [Complaint Handling Code of Practice](#) and the [Scottish Public Service Ombudsman Service](#).
- 7.3. These associated Policies and Procedures are available on our website at:
 - **England:** <https://www.riverside.org.uk/you-your-home/customer-feedback/> or <https://www.riverside.org.uk/about-us/our-policies/>
 - **Scotland:** [Customer feedback | Complaints | Riverside Scotland](#) or <https://www.riversidescotland.org.uk/about-us/our-policies>
 - and are also available by contacting our Customer Service Centre.

8. Equality, Diversity and Inclusion

- 8.1. We are committed to Equality, Diversity & Inclusion. We strive to be fair in our dealings with all people, communities and organisations, taking into account the diverse nature of their culture and background and actively promoting inclusion. This policy aligns with our Equality, Diversity and Inclusion Policy and has been subject to an Equality Impact Assessment.
