

Riverside

2 Estuary Boulevard

Estuary Commerce Park

17/11/2025

Dear customer,

We have recently sent you a communication with regards to the investment into your homes and how Riverside will now be proceeding with the structural works.

As stated in our previous communication the works will be taking place over a longer phased period of over 2-3 years.

We can now confirm we will be starting a procurement process with the view to starting on site early 2026 with works planned to start in February 2026 to some of the properties.

We would like to clarify that not all properties in Kendal Close will be commencing in February, as stated, this is a 2–3 year programme and we will ensure we notify customers as and when their homes are to have the works.

If you have any questions, you can contact me at Robert.Grainger@riverside.org.uk

Yours sincerely

Robert Grainger
